## Stage 2 Disinfection Byproducts Rule (DBP2) Action Item Compliance Deadlines

PUBLIC WATER SYSTEMS (Size of largest PWS in Combined Distribution System sets compliance schedule)	ACTIONS				
	Submit IDSE monitoring plan, small system waiver certification, 40/30 waiver certification, or system specific study plan *	Complete Initial Distribution System Evaluation (IDSE) sampling (if required to do IDSE sampling)	Submit IDSE Report	Begin LRAA compliance monitoring, using DBP2 sites **	
	Federal Action Date (late reports will be documented as reporting violations):				
C and NTNC PWSs serving at least <b>100,000</b> people	October 1, 2006	September 30, 2008	January 1, 2009	April 1, 2012 **	
C and NTNC PWSs serving <b>50,000 - 99,999</b> people	April 1, 2007	March 31, 2009	July 1, 2009	October 1, 2012 **	
C and NTNC PWSs serving 10,000 - 49,999 people	October 1, 2007	September 30, 2009	January 1, 2010	October 1, 2013 **	
C PWSs serving fewer than 10,000 people	April 1, 2008	March 31, 2010	July 1, 2010	October 1, 2013 **	
NTNC PWSs serving fewer than 10,000 people	NA	NA	NA	October 1, 2013 **	

<sup>\*</sup> The TCEQ will provide work-book type forms to systems by mail. Systems should complete the forms, sign them, make a copy to keep with their monitoring plan, and mail the original to TCEQ.

<sup>\*\*</sup> It is impractical to change a sample schedule mid-year. During the state rulemaking process, TCEQ will seek input from Texas stakeholders and EPA on whether to start scheduling based on DBP2 sites and schedules early (January 1, 2012; and January 1, 2013) or late (January 1, 2013; and January 1, 2014). The TCEQ will notify systems of their sampling schedule.

## Stage 2 Disinfection Byproducts Rule (DBP2) Sampling Periods for IDSE

PUBLIC WATER SYSTEMS	Two-year IDSE sampling compliance period		Calendar Year for
(largest PWS in Combined Distribution System)	Begins	Ends	compliance sampling *
C and NTNC PWSs serving at least 100,000 people	October 1, 2006	September 30, 2008	2007
C and NTNC PWSs serving <b>50,000 - 99,999</b> people	April 1, 2007	March 31, 2009	2007
C and NTNC PWSs serving 10,000 - 49,999 people	October 1, 2007	September 30, 2009	2008
C PWSs serving fewer than 10,000 people	April 1, 2008	March 31, 2010	2009

<sup>\*</sup> TCEQ will arrange for collection of these samples through the Sample Collection Contract. PWSs must pay for analysis of the samples at either the Department of State Health Services (DSHS) lab or at Lower Colorado River Authority (LCRA) lab.
